Did it Himself.

Ed McIntyre, colored, startled this community Wednesday by announcing that he had been attacked by a vicious robber and exhibited a three-inch cut on his neck to substantiate his story. More recent developments have however brought out another version, and it is probable Ed did it with his own little knife. From remarks he made early in the day and his suspicious actions it is a case of half executed suicide, so we are informed by those who seem to know. The wound is quite serious but he will recover.

Circuit Court.

Circuit Court convenes Monday. The following have been summoned to serve on the petit jury for the first and second weeks:
B. E. Randolph, J. E. McCarroll, Flower H. Dulin, (colored), Seth Myers, F. W. Elgin, H. B. Rogers, Wm. Shanklin, Marion Laine, Sam Brown, Dave Brownish, R. H. Dudley, Edgar Bradshaw, Joe Garnett, Wm. McKee, C. H. Walden, Ed Stegar, Ed Combs, Jno. Foord, Wm. Adcock, Joe Luck, (colored), Nelson Gee, (colored), Jim Hargraves, (colored), Wash Brent, (colored), A. H. Wallace, Arthur Henry, Howard Stowe, Jas. A. Coleman, W. D. Summers, Jno. B. Wright, O. J. Hamby.

Death of Mrs. Cornelia V. Henry.

Mrs. Cornelia V. Henry died at the residence of Mr. C. M. Meacham, Wednesday night, in the 80th year of her age. The funeral services took place at the Baptist church yesterday at 2 o'clock. The deceased was a lady of excellent character. She was devotedly pious and strict in the observance of every Christian impulse. She lived to a ripe old age and was an honor to her sex. Her high culture, genial disposition, the affection for friends and love for relatives, her kindness to strangers—all made her a lady who received the highest respect and love of all who enjoyed her acquaintance. Those who have known her best will miss her most, while the entire community shares the sadness over the loss of so valuable a lady.

The Coal Thieves.

Ed Bostick, colored, charged with striking and wounding Engineer Grigg, was tried before Judge Anderson Thursday and succeeded in proving an alibi. Detective T. G. Hewlett says he is heartily discouraged about ever convicting any of the thieves as their combination can hardly be broken. He thinks the only thing left for the railroad to do is to move the depot out of the city and will so advise the General Manager in his report.
The numerous attacks made upon the persons of railroad officials is a disgrace to this community. Last Friday night some one threw a large rock into a passenger train window narrowly missing a lady, and frequently of late obstructions have been found upon the track which, if not removed, would have wrecked the first train that came along. Such facts as these should arouse the better class of our citizens, white and colored, to attempt to relieve this community of so dangerous an element. The officers and courts can hardly apprehend the guilty when they are hedged in and protected by any amount of testimony prepared for the occasion, and the evil can only be removed by a strong pressure of public sentiment from all honest people.

Around Town.

Born to the wife of Rev. A. C. Biddle, Thursday afternoon, a girl.

14 extra mules for sale, 15 to 17 hands. Good ages. Apply to B. S. Wood.

All the whisky licenses have expired and the town is now as dry as a chip in a drouth.

Mr. E. W. Siger, of the Beverly neighborhood, came very near losing his residence by fire one day last week.

Some thief stole a \$20 sheep out of the stable lot of Mr. J. O. Clark, living 2 miles south of town, Thursday night.

Mr. G. W. Lawson, living on the Phipp's farm, lost his meat house and 1,000 pounds of meat by fire Thursday afternoon. Loss \$100.

The contract to finish the L. A. & T. between Clarksville and Princeton was let to McKee & Co., of Memphis. The road will be completed by August 1st.

Under the influence of the warm spring sun the first part of the week several peach trees in this city came out in full bloom and they are as pretty as a picture.

Dabney & Bush are having their elegant shoe store beautifully papered, painted and overhauled for the spring. It will be one of the nicest business houses in the city.

The Elkton Progress will try to build a pike from their city to Fairview, because, as the Progress says, "when our pikes are completed, the trade from all that section will naturally go to Hopkinsville."

The storm Saturday night did considerable damage to fences and outhouses throughout the country. A barn on Col. Robt. Short's farm, near Bellevue, containing 10,000 pounds of tobacco was blown down.

The Postoffice Department has ordered a daily mail route established over the Indiana, Alabama & Texas Railroad between Clarksville and Newstead, Ky., and all intermediate offices near the line of road, to commence March 14th.

We again arise to suggest the propriety of organizing a hotel company. Hopkinsville is more in need of a first class hotel than anything else. Now is the time to make the move when public sentiment is alive to the spirit of improvement.

From present indications the fruit crop this season will be unusually large. Very little fruit, if any has been killed yet, and it is hardly probable that we will have weather severe enough to do any material damage during March.

The berry outlook is promising.

Prof. Tripp's third and concluding lecture to-night at the 9th Street Presbyterian lecture room, on Maximilian and Carliota, is considered the gem of the series, and will doubtless attract a full attendance. The previous lectures have been well attended by our best citizens and pronounced eminently creditable and interesting.

Misses May and Narcissus Edmundson, the daughters of Mr. T. M. Edmundson, of a goodly size box of fine Florida oranges, presented by their generous and estimable father, Mrs. Ashbrook, formerly of Fulton, Ky., but now of Dade City, Florida. The box contained 17 dozen of the fruit.

Mrs. A. J. Dabney entertained a number of her friends at the residence of Mrs. J. K. Gant, Tuesday night. Among those present were Miss Lucile Pennybaker and John P. Campbell, Miss Carrie Crenshaw and Baylor Hickman, Miss Annie Barbour and Frank Buckner, Miss Mary Barbour and Ben Campbell, Miss Ross Steinhagen and Bryan Hopper.

Judge Anderson will assemble the County Court Monday week to pass upon the question of granting the right of way to the Turnpike Company. There has been talk of the Court refusing to grant the privilege, but we do not believe that a body of good, intelligent gentlemen will put themselves on record against an enterprise of such magnitude and importance.

Elkton Progress: A man calling himself Joe Koller, and claiming to be a tailor, has recently been "doing" Clarksville for small sums, and we warn our readers to look out for him as he is doubtless in this territory now, having taken his departure from the above place. He is represented as a man of small stature, marks on his arm in Indian ink, and wears a cap and eye-glasses when at work. A reward of \$10 is offered for his capture, by these gentlemen.

Caliz Telephone: Jno. C. Latham, of New York, has agreed to take \$50,000 stock in turn-pikes to be built on the main roads leading into Hopkinsville, if the citizens of that city will take \$40,000 more. If they fail to raise the money in double quick time they should never say anything more about persons refusing to co-operate with them in proposed enterprises. We can conceive of nothing better calculated to add to the business interests of the merchants, schools, colleges and the commission men than forty or fifty miles of turn-pikes would.

Just after dark at this time of the year a pearly shaft of light is seen in the sky a little west of south. Its base is broad, but the column becomes narrower and fainter as it ascends, until tolerably near overhead it fades away. This is the famous Zodiacal Light, which formerly puzzled the scientists so much. It was once thought to be something surrounding the earth, but it is now generally conceded to surround the sun. The light we see is supposed to be that of the sun reflected from a countless number of little meters that revolve about that great central luminary. The belt of meteors extends out so far as to include the earth itself, but it increases in size and density as it approaches the sun. Look for the phenomenon any clear night as soon as it is fairly dark.

Its Delicacy of Flavor
And the efficacy of its action have rendered the famous liquid fruit remedy, Syrup of Figs, immensely popular. It cleanses and tones up the clogged and feverish system, dispels headaches, colds and fevers, cures Habitual Constipation, Dyspepsia and the many ills depending on a weak or inactive condition of the Kidneys, Liver and bowels. For sale in 50 cent and \$1 bottles by H. B. Garner. Manufactured only by the California Fig Syrup Co., San Francisco, Cal.

Turnpikes.

We have several communications on turnpikes which are crowded out till our next paper. We desire that every intelligent man shall have his say and that he shall be heard with due respect.

The public should thoroughly understand the intentions of the company. No section of the county is to be favored to the prejudice of any other locality. All will be given a fair chance. Of course the company, like all other public carriers, will collect tolls. Railroad, street railway, steamboats and every like enterprise is sustained in this manner. Gentlemen investing their money in these pikes, which confer a benefit upon every citizen of the county, increase the intrinsic value of real estate and are a great convenience, should reap a legitimate reward for their labors and expenditures.

The Directory has at this time no idea what roads will be piked. This question has never been discussed. The work of organization has consumed their attention up to this point. As soon as the County Court grants the right of way, these matters will be immediately decided upon and the work of construction commenced.

Good News.
The apathy in business in our city for the past month or two has been discouraging. Merchants have been holding long-faced consultations, while their clerks were standing at the front door dressed in their most killing neckties, agonizing collars and paralyzing smiles—all in vain. The customers with long list and fat shekels came not their long list. The town was dead—things were blue and "poor old Lip" (as he calls himself) was getting ready to close up and quit. But "things is changed since Nancy died!" "Nancy" means the few stick-in-the-muds who didn't want the turnpikes, and the flowers that are going to bloom in the spring "hoop-la" have brought "roses" to our cheeks and "promise" profusely the "wine" of joy to our hearts. Mr. M. Lipstine has caught the inspiration and tells all about it in his big "ad". He and Miss Laura McCrosky have a special word therein to the ladies. Mrs. Hart will return when her health is restored and give her attention to the matter. Now, let everybody call on Mr. Lipstine at once and find out what he thinks about the "good time a-comin'."

Syrup of Figs
Manufactured only by the California Fig Syrup Co., San Francisco, Cal.

There's Own True Laxative. It is the most easily taken and the most pleasantly effective remedy known to cleanse the system when bilious or constive; to dispel headaches, colds and fevers; to cure habitual constipation, indigestion, etc. For sale in 50 cents and \$1.00 bottles by H. B. Garner, Hopkinsville, Ky.

The White Man Of The New South.
Prof. Wilbur F. Tillett, of Vanderbilt University, contributes an article to the March Century, on "The White Man of the New South," in which he reviews the progress of the section in wealth, development of resources, education, benevolent work, etc., with interesting statistics and conclusions. "Indeed," says he, "it is the white man of the South more than the black that has been freed by the civil war, and the greatest blessing which has thus far resulted to the South from the emancipation of the Southern slaves is its effect upon the white man of that region in transforming him from a dependent, either, or 'gentleman of leisure,' supported by his slaves, into an independent, self-reliant worker. We speak of the typical representative Southern white man, not of all classes, for there were working white men in the Old South and there are like white men in the New. But the white man of the New South is pre-eminently a worker as compared with the white man of the Old South, who if not a slave, was at least a man of multitudinous leisure. But having now been set free from that bondage to leisure and that contempt of labor which is inseparable from slaveholding, the representative of that region has become a new man, and has entered upon a new production among the industrial races of the earth. If the Old South had a contempt for the worker, the New South has a greater contempt for the do-nothing and the idler—for the man who does no honest work, it matters not how white his skin or how full his exchequer. The 'gentleman idler' has lost caste in the South; he is an institution of the past."

Delicate persons, and all whose systems have become debilitated, should bear in mind that Simmons Liver Regulator is not a drastic, purging medicine, does not weaken or deplete the system, as other purgatives do, but acts gently. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headaches, and generally tone up the system.

Hon. Alex. H. Stephens, of Ga., says: "Simmons Liver Regulator is mild and suits me better than more active remedies." Said by H. B. Garner.

SPRING MILLINERY!

The ladies of the town and county are specially invited to call at once at my store and see the largest and most beautiful stock this side of New York.

are being received and opened daily and the handsome patterns—all the very latest—and bargains in these goods can not be duplicated in Hopkinsville.

I am now opening several cases, which came direct from the manufacturers, made to order for me and guaranteed the best. All I ask is a chance to show the goods and name the prices.

SPRING BOOTS AND SHOES.

I am now offering the cheapest stock in town, and by "cheapest" I don't mean the lowest grade goods; but the best goods for the same money—either fine or low grade. Come and see my goods and compare my prices.

NO BOAST BUT BUSINESS.

I have no goods to give away; am not making any forced sale, can't afford to work for glory alone, but will make good by goods and prices all I say and treat everybody honestly and fairly. Come and see me.

CLOTHING,

Furnishing Goods, Boots, Shoes and Hats has been purchased at a great sacrifice and must be closed out at once. Every article throughout this great stock has been marked down to prices so far below cost that it will astonish all. Remember that this is not an old, shelf-worn stock, but new, desirable, stylish goods. As the greater portion has only been received within the past few months.

Overcoats, Overcoats, Overcoats!

As the season has so far advanced, and having a great many overcoats on hand, we have decided to place the entire lot on our counters up stairs at four uniform prices which will open your eyes in astonishment. Embrace this opportunity to purchase goods at prices never before heard of, as the Wright stock is known to all as the best ever in this city.

BELOW COST

Do we propose to offer our stock, but we will offer you goods at such prices that will astonish you for cheapness. We have cut prices way down, in order to reduce our stock to make room for our immense Spring Stock, which will soon arrive. Our prices are down far below any goods offered at forced or clearance sales. Having a resident buyer in the city with 35 years experience gives us advantages which no other house in the city has. Our stock of

Winter Clothing, Suits, Overcoats, Boots, Shoes

UNDERWEAR, SOCKS, HATS,

and in fact, everything in our Clothing Department will be sold at prices that cannot be had from any other house in this city. We ask you to make no purchase until you have seen our stock and learned our prices. We pledge ourselves to save you money. We will place on sale this week one Hundred Dozen Unlaundried Shirts worth 75c., which we will close out at 45c.; also the Gold and Silver Shirts for less money than ever before sold by any one.

WINTER BOOTS AT HALF PRICE.
WINTER SUITS AT HALF PRICE.
WINTER UNDERWEAR AT HALF PRICE.
WINTER OVERCOATS AT HALF PRICE.

In fact, all our Winter Goods must go. We ask you to call and see for yourself. We are ready to prove any assertion we make. This is no idle boast but plain facts. In our Dry Goods Department we are ready to offer better bargains than ever. Our stock has been greatly reduced since our bargain sale was inaugurated, but our stock is still too large and must be reduced still more. We will therefore make it to the interest of any one wishing Dry Goods to give us a call before making a purchase. We are closing out a great many goods at just half their former price. We have 100 Cloaks on hand which must go. Price no object. Call at once on
